~~B/M~~ Chronology of events.  
Mr. Stevens' operations on Rainbow Lode Mining Claim

date

5/047/051

event

DIVISION OF  
OIL GAS & MINING

5/1/85 Rainbow #1 claim located by Mr. Stevens, Negulesco and Wopsock.

7/30/85 Al Burch (DMRA Geologist) writes note to file that a suspected mineral trespass is a shaft which Mr. Stevens has sunk on the Rainbow #1 claim

9/16/85 Certified letter from DMRA Area Manager to Mr. Stevens advising that Mr. Stevens has to submit a notice.

9/17/85 Return receipt form shows Mr. Stevens accepted certified letter of 9/16/85.

7/26/89 Dave Plume (DMRA Geologist) inspects Stevens' operation (map is developed and check of mining claim microfiche from 3/14/89 shows that the Rainbow claim location case file was closed 3/30/88).

9/29/89 Mr. Stevens submits notice which is hand delivered to Dave Plume.

10/2/89 Dave Plume adds more information to notice of 9/29/89 which Mr. Stevens signs. Routing is started to Resource Area Specialists for review of notice.

10/6/89 Tom Dabbs (DMRA Wildlife Biologist) presents brief written comments that the Stevens operation should not present problems to wildlife

10/10/89 Letter mailed to Mr. Stevens acknowledging receipt of notice. DOGM mailed letter informing them of the notice.

10/16/89 Certified letter sent to Mr. Stevens advising him of acceptance of notice with advisory type items attached. Return receipt form in file shows Mr. Stevens received letter on 10/20/89.

8/16/90 Stevens operation is inspected by Dave Plume, and Holland Shepard and Tony Gallegos (DOGM).

11/6/90 Certified letter sent to Mr. Stevens concerning compliance issue on the claim. Parcel was refused and returned to VDO (opened by mail room).

11/13/90 Second certified letter sent to Mr. Stevens (same topic as 11/6/90 letter above). Parcel was refused second time and returned to VDO (opened by mail room).

- OVER -

- 12/4/90 Third, certified letter mail to be sent to Mr. Stevens. Copy of previous letter was posted with the front desk of the Vernal DO in an attempt to hand deliver such if Mr. Stevens visits the office.
- 12/11/90 Copy of certified letter of 11/10/90 was hand delivered to Mr. Stevens by Jeanny Davis (Vernal DO receptionist).
- 9/11/91 Mr. Stevens operation was inspected by Le d Hamblin (DMRA). Four photographs showing the shaft <sup>apparent</sup> inactivity and lack of fencing, were taken.
- 11/27/91 Notice of noncompliance issued to Mr. Stevens. Parcel was returned as unclaimed.
- 12/18/91 Copy of letter from DOGM to Mr. Stevens received at Vernal DO.
- 12/26/91 Mr. Stevens is served, in person at the Vernal DO, a copy of the 11/27/91 notice of noncompliance letter.
- 3/31/92 Peter Sokolosky (Vernal DO Geologist) routes case file to T&E specialists and Archeologist for appropriate clearance sheets to bring case file up to recordation standards. Three (3) clearance sheets were returned.
- 3/31/92 Mr. Stevens visits Vernal DO and advises Dave Plume of certain actions he has taken to comply with previous DMRA and Vernal DO letters regarding compliance.
- 4/3/92 Dave Plume and Peter Sokolosky inspect the Stevens operation. 14 photographs were taken and Dave Plume writes memo to the file.
- 4/21/92 Letter from DMRA Area Manager to Mr. Stevens advises he can come into compliance with the surface management regulations by taking certain steps.
- 7/20/92 Vernal DO District Manager requests Utah State Office commence court actions to enjoin Mr. Stevens from conducting further operations without a plan of operation and bonding (reclamation is preferable).
